### More than a great meeting

Meetings are about more than the right space- they are opportunities to learn, network and develop. Gettysburg provides these opportunities in a convenient location while working to fulfill your needs in a historic setting.

History is the foundation of one of our most valuable meeting add-ons - leadership training. Today, the principles of both strategy and decisive action from the battlefield are the key to this training. Fortune 500 companies, our federal government, and others have taken lessons from the Gettysburg battlefield and applied them to their organizations.

The battlefield is just one unique meeting venue. Gettysburg provides a variety of unique settings from museums to theaters, wineries to country retreats. Our championship golf courses, charming town, and entertainment make for unforgettable meetings in Gettysburg.
