## BEVERAGE STYLE

Known for producing wines that reflect the character of the grape variety they're made from, J & P Winery has something for every palate. J & P Winery produces over 40 wines from sweet to dry and red to white. They nourish their vines through the spring and summer so they can produce robust flavors. At the time of harvest, the grapes are picked and checked for quality. The best quality grapes are made into flavorful wine for your table.

## LOCATION EXPERIENCE

J & P Winery is new to Gettysburg and conveniently located in the downtown. Just a block off Lincoln Square, they're a must-stop for visitors walking around town. Stop in to discover the taste of their fruitful wines in a friendly, relaxed atmosphere. In addition to luscious libations, they offer live music, comedy shows, paint nights and craft classes with local artists at the Gettysburg location.

## FLAVORFUL FACT

J & P Winery is home to the original Slushy Bomb - a refreshing slushy with a test tube shooter of wine in it. Their slushies are available at their Gettysburg location and are served out of a fun wine barrel shaped slushy shack at festivals and events.
